

Full Depth Pavement Summary

The information shown below summarizes the remaining estimated paving quantities for fiscal years 2015 and 2016 of the 5 year STIP. Fiscal years 2017, 2018 and 2019 are not included due to those years not being fully programmed. The corresponding project list is attached for reference.

The paving quantities listed represent only projects that have significant quantities of optional or alternate pavement. There may be other projects with various full and partial-depth paving included in the STIP, such as minor quantities for construction of ramps, outer roads, shoulders, bridge replacements, etc., that are not necessarily reflected in this summary.

These estimated quantities and schedules are tentative and may be subject to change. See project plans as included in each advertised letting for actual quantities.

Pavement Resurfacing Summary

The information shown below summarizes the remaining estimated resurfacing quantities for fiscal years 2015 and 2016 of the 5 year STIP. Fiscal years 2017, 2018 and 2019 are not included due to those years not being fully programmed. The corresponding project list is attached for reference.

The resurfacing quantities listed represent only projects that have significant quantities of hot-mix asphalt resurfacing. There are other projects with various resurfacing included in the STIP, such as resurfacing portions of projects with new construction that are not necessarily reflected in this summary. This list only represents projects that are currently in the 2015-2016 STIP years. Additional projects could be added through MoDOT savings in the 2015-2019 STIP.

These estimated quantities and schedules are tentative and may be subject to change. See the project plans as included in each advertised letting for actual quantities.
